**Discount for first-time orders:** two for the price of one, up to eight free tubes (this offer is reserved to academic labs, and it does not apply to matchKit, the CATCHFIRE starting kit)

**Discount for quantity:** kindly note that you may be granted further discounts for larger quantity

**Handling and shipment charges:** 40 € for Continental Europe, 80 € overseas (including United Kingdom), free for orders above 1,000 €

**Custom duties:** to be paid directly by sendee (Incoterm: DAP)

**References:** A fluorogenic chemically induced dimerization technology for controlling, imaging and sensing protein proximity, [Nat. Methods 2023](#) – A tunable and versatile chemogenetic near- infrared fluorescent reporter, [Nat. Commun. 2025](#)

**Licence to use CATCHFIRE:** The above products and/or their usage may be covered by one or more of the here below patents and applications:

- EP 3,164,411; JP 6,707,472; US 10,138,278 (Fluorogen activating and shifting tag (FAST));
- EP 3,719,007; US 2022-0169682; JP 7,582,964 (Split photoactive yellow protein complementation system and uses thereof);
- WO 2024-052,353.2 (Proximity inducing system and uses thereof).

These patents and applications are owned by CNRS (France), PSL (France), Sorbonne Université (France), and/or Institut Curie (France), and are exclusively licensed to Twinkle Bioscience S.A.S. The purchaser/owner of the above products is granted a non-exclusive license to use CATCHFIRE and whatever components for research use only. The commercial exploitation of CATCHFIRE requires a license from Twinkle Bioscience. For more information, please [contact@the-twinkle-factory.com](mailto:contact@the-twinkle-factory.com)
